

# 1025 RED D MIX™

## Delivering The Industries' Best One Gallon Gyroscopic Mixer.

The 1025 Red D Mix one gallon gyro mixer continues to add to the long line of product innovation from Red Devil Equipment. The gyroscopic mixing action of the 1025 Red D Mix ensures a thorough mix for a wide range of materials. In addition, the 1025 Red D Mix accepts any one gallon shaped container without an adapter or special loading requirements.

An advanced direct-drive gear system with a 2:1 mixing ratio and one-step clamping system allow for quick and smooth operation for all your mixing needs. The 1025 Red D Mix is very easy to use and is extremely quiet, making it an ideal product for many environments.

- Includes adapter for mixing quarts and containers ranging from 4<sup>3/4</sup> to 6<sup>1/4</sup> inches in height and a maximum diameter of 5<sup>3/4</sup> inches for the bottom plate and a maximum of 8<sup>1/2</sup> inches in diameter for the top plate
- One-step clamping system allows for quick and easy loading and unloading
- 25 lb. standard load capacity

### DIRECT-DRIVE GEAR SYSTEM

- Gear drive design eliminates the replacement of belts, pulleys and friction drives
- Gear drive prevents second axis motion slippage and reduces day-to-day wear for increased longevity of machine
