

AGITAR™

Everything You Need A Multi-Size Shaker To Be.

When you want the job done right, the buck stops here. The Agitar is designed for high volume and heavy duty mixing environments for multiple applications and container sizes.

Delivering the performance and reliability our customers have come to expect from Red Devil Equipment, the Agitar's intuitive clamping system and easy operation provide a superior mix compared to other products in its class.

- Suitable for a wide variety of mixing environments
- Accepts pints to five gallon containers (metric equivalent)
- Built-in wheels for easy placement of machine
- Designed for high volume, full production & heavy duty mixing environments

Built-In roller for easy loading and unloading

STRONGER COMPONENTS

- Strut and spring composition absorbs vibration, increasing the life of the machine and reducing costly repairs
- Built with heavy duty components to withstand a variety of mixing environments

Centralized Easy-To-Use Control Panel
