

The Best Of Both Worlds... Small Footprint, Big Results!

When it comes to innovation, nobody does it like Red Devil Equipment. The new Dynomix Multi-Size Gyro Mixer is no exception. By incorporating the gyroscopic mixing action with flexibility to mix a variety of containers sizes, the DynoMix is in a league of its own. Featuring a double roller for easy loading and unloading, retractable top and bottom plates for self-centering containers and an automatic stop-lock feature that positions your containers in the upright position after each mixing cycle.

- Smallest footprint in the industry - ideal for stores where space is at a premium
- Bail holder automatically positions itself on the bottom plate for simplified loading
- Extremely quiet operation
- Accepts a variety of containers sizes ranging from one gallon to five gallon containers (metric equivalent)
- Stop-lock feature automatically positions containers upright after each mix cycle
- 100 lb. standard load capacity

GYROSCOPIC MIXING ACTION

- Gyroscopic mixing action turns containers end-over-end while simultaneously spinning
- Ideal mixing motion for a wide variety of applications and products that bottom settle

Double built-in rollers for smooth loading & unloading
