

Extending the capability for mixing traditional round and square one gallon containers.

As today's paint formulation technology continues to evolve, so should your mixer. Specially designed to accommodate round and square one gallon containers, the Speed Demon SQ is the mixer of choice for today's mixing needs.

The Speed Demon SQ's increased dispersion rate and extremely quiet operation offer the latest in one gallon mixing. In addition, the Speed Demon SQ's stackable configuration, ease-of-use, and quiet operation make it a great mixer for any sales floor.

- Centralized isolation system provides added stability, resulting in an increased dispersion rate
- Easy drop-in loading - no special loading required
- Versatile design allows you to mix both square and round one gallon containers
- Includes quart adapter for round & square containers

1065 Space Saver Base

SPEED DEMON SQ MIXER BASES

- Allows you to stack two Speed Demon SQ mixers in the space of one
- 1066 Built-In Pounding Station gives you the capability to seal and open paint containers without having to carry them to another location

1066 Pounding Station Base
(Magnetic Mallet Holder sold separately)
